Hetauda Nepal

ashokgiri.dev@gmail.com

ABOUT ME

Motivated and detail-oriented frontend developer with a solid foundation in backend technologies. Skilled in creating responsive, dynamic, and user-friendly web applications using HTML, CSS, JavaScript, and React. Experienced with Node.js, Express, and MongoDB for backend development. Passionate about building seamless digital experiences and continuously expanding technical expertise.

EDUCATION

2019 - 2021

Hetauda School Of Management

+2 (Intermediate Level)

Focused on foundational computer science subjects including Programming, Computer Networks, and Database Systems.

2021 - Present

Tribhuvan University

Bachelor of Computer Application

Focused on software development, web technologies, database systems, and computer networking. Gained hands-on experience through real-world projects and modern tech stacks.

EXPERIENCE

2022

Self-initiated Project

Tweet Nepal

- A simple micro-blogging app to post and share thoughts
- Users can like, comment and add notes for a personalized experience.

2023

College Project

Full-Stack Developer – Food For All

- Built a food donation platform connecting donors and recipients via location-based services.
- Designed an intuitive UI for posting, browsing, and managing food donations
- Implemented real-time request notifications and pickup scheduling

2024

College Project

Developer – Bytes Pedia

- Built user accounts and community-driven content sharing system
- Created a platform for sharing study materials, notes, and exam questions
- Prioritized clean UX for fast and easy access to academic content
